

HIGH TATRAS WATER

Discover Pure Mountain Essence, your premier source of exceptional drinking water sourced from pristine underground springs hidden within the stunning High Tatras Mountains of Slovakia. Inspired by the beauty of nature and crafted for excellence, our water embodies the purity and quality that sets it apart.

With our unwavering commitment to excellence, we are the perfect partner for wholesale companies in the Arabian Gulf looking to elevate their offerings.

Experience water as it was truly meant to be!

Our Quality Standards Will Surpass Your Expectations!

Maximum Purity

Our water is extracted from underground springs, which have been untouched by pollution and human interference, ensuring that the water maintains its natural mineral composition and purity

Natural Filtration

Naturally filtered through ancient layers of rock underground, our water becomes naturally pure and enriched with electrolytes and minerals

Chemical Free

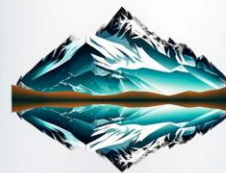

Nature provides our water with everything it needs; we do not add any additives for flavor and do not enhance supplements

Healthy Water

We proudly hold the necessary EU certifications and comply with strict European quality standards, ensuring that our product exceeds the highest criteria of purity and excellence

HEALING MOUNTAIN WATER

Natural Pure Water No.1

A pristine bottled water from Slovakia's Povajsky Inovec mountains, is celebrated for its ultra-low nitrate content (below 0.1 mg/L) and gentle mineralization, ideal for sensitive systems. Sourced from protected springs in Luka, it contains trace amounts of calcium and magnesium, promoting hydration without overloading the body. Natural Pure Water No.1 supports immune health, aiding in recovery from frequent colds by providing pure hydration essential for cellular function. Its neutral pH soothes mild digestive issues, such as occasional bloating, and supports hydration during pregnancy, benefiting both mother and fetus. The water's purity makes it a top choice for infant formula preparation, reducing the risk of nitrate-related health concerns. Pure Water No. 1's diuretic effect gently supports kidney function, helping prevent water retention. Its key advantage is its exceptional purity, meeting stringent baby-water standards, and its soft, non-carbonated taste, perfect for daily use. Pure Water No.1's eco-friendly bottling and accessibility make it a trusted ally for family wellness.

Natural Pure Water No.3

A sparkling drinking water from Slovakia's Turchianska Valley, is sourced from deep, pristine springs, delivering a balanced mix of calcium, magnesium, and bicarbonates with low sodium. Its mild carbonation and neutral pH enhance hydration, supporting cellular metabolism and energy levels, particularly for athletes and active individuals. Pure Water No.3 aids digestive health, easing symptoms of mild gastritis and constipation by stimulating gastric motility. Its magnesium content supports cognitive function, helping alleviate tension headaches and mild anxiety. The water's calcium strengthens teeth and bones, aiding in caries prevention and osteoporosis management. Its diuretic properties promote kidney detoxification, reducing risks of urinary infections. In spa therapy, it hydrates skin, improving conditions like mild acne. Pure Water No.3's advantage lies in its eco-friendly sourcing, gentle taste, and suitability for all ages, including infants. Its accessibility and purity make it a versatile, health-enhancing choice in Slovakia's drinking water tradition.

Natural Pure Water No.4

Natural Pure Water No.4, sourced from the pristine springs of the Rajecka Valley in Slovakia, is renowned for its low mineralization and high purity, making it a valuable health resource. With a balanced calcium and magnesium content and low sodium levels, it supports overall wellness. Pure Water No.4 aids digestive health, alleviating conditions like chronic gastritis and indigestion by stabilizing stomach acidity. Its mineral composition promotes musculoskeletal health, helping manage osteoporosis and arthritis by enhancing bone strength. The water's diuretic properties support urinary tract health, reducing the risk of kidney stones. Regular consumption may lower blood pressure and improve heart health, as magnesium-rich waters are linked to reduced cardiovascular risks. Pure Water No.4's flavored variants, like mint, may soothe headaches and nervous system disorders. Its advantage lies in its natural purity, gentle carbonation, and suitability for all ages, including infants, making it a versatile choice for hydration and therapeutic use in Slovakia's tradition.

Natural Pure Water No.5

Natural Pure Water No.5, a distinguished bottled mineral water from Slovakia's Banska Bystrica region, is sourced from the pristine springs of the Brusno spa area. Rich in calcium, magnesium, and bicarbonates, it supports thyroid health through trace iodine, aiding metabolism and energy regulation, beneficial for hypothyroidism. Its alkaline properties promote digestive health, soothing acid reflux, chronic gastritis, and bloating by balancing stomach pH. Magnesium enhances vascular health, potentially reducing blood pressure and supporting heart rhythm stability, while calcium strengthens bones, helping prevent osteoporosis. Pure Water No.5' diuretic effect supports kidney function, reducing risks of urinary infections. In balneotherapy, it hydrates skin, easing mild dermatitis. Its advantage lies in its naturally carbonated, smooth taste and high mineral bioavailability, ensuring efficient nutrient absorption. Natural Pure Water No.5's eco-friendly sourcing and recognition in Slovakia's tradition make it a reliable, refreshing choice for daily wellness and targeted health support.

Mineral Mountain Water No.10

Mineral Mountain Water No.10, sourced from the Slavkovsky Les springs in Slovakia, is a naturally carbonated mineral water distinguished by its high magnesium content (189 mg/L) and low sodium levels (5 mg/L). This unique composition supports heart health by reducing blood pressure and improving cholesterol profiles, potentially lowering cardiovascular disease risk. Its magnesium aids muscle recovery, making it ideal for athletes, and alleviates functional constipation by promoting intestinal motility. Mineral Water No.10's benefits extend to nervous system support, reducing stress and enhancing mental clarity, thanks to its role in over 300 enzymatic reactions. It may also help manage migraines and improve bone health by aiding calcium absorption, reducing osteoporosis risk. In balneotherapy, it soothes skin irritations like acne. Its key advantage is its high bioavailability, delivering magnesium efficiently with minimal sodium, making it suitable for daily consumption across all ages. Mineral Water No.10's purity and refreshing taste further enhance its appeal as a natural health booster.

Mineral Mountain Water No.11

Mineral Mountain Water No.11, sourced from the serene springs near Trenchianske Mitice in Slovakia, is celebrated for its rich chemical composition and low sodium content, offering unique health benefits. Its balanced mineral profile, including calcium, magnesium, and bicarbonates, supports metabolic health, aiding in the management of diabetes by stabilizing blood sugar levels. Mineral Water No.11 promotes digestive wellness, relieving symptoms of chronic gastritis and bloating by enhancing gastric motility. Its high magnesium content supports neurological health, potentially reducing stress and improving sleep quality. The water's mild diuretic effect helps maintain kidney function and prevents urinary tract infections. In spa therapy, Mineral Water No.11's minerals nourish the skin, alleviating conditions like dermatitis. Its key advantage lies in its accessibility—freely available at a village gazebo and its pure, refreshing taste, making it an ideal daily hydrator. Mineral Water No.11's natural composition and versatility make it a standout in Slovakia's mineral water heritage.

Mineral Mountain Water No.12

Mineral Mountain Water No.12, a sparkling mineral water from Slovakia's Turiec Valley, is sourced from ancient springs near Baldovce, renowned for their spa heritage. Its balanced mineral profile, featuring calcium, magnesium, and bicarbonates, supports overall vitality. Mineral Water No.12 aids respiratory health, helping alleviate chronic sinusitis and mild asthma by hydrating airways when used in inhalation therapy. Its bicarbonate content soothes digestive discomfort, easing symptoms of acid reflux and irritable bowel syndrome. Magnesium promotes vascular health, potentially reducing hypertension risks, while calcium supports bone density, aiding in osteoporosis prevention. The water's mild diuretic effect enhances kidney function, helping prevent urinary stones. Mineral Water No.12's advantage lies in its eco-friendly and low sodium content, making it ideal for daily hydration across all ages. Its crisp, naturally carbonated taste and historical significance as a spa water enhance its appeal as a natural, health-promoting beverage.

Mineral Mountain Water No.13

Mineral Mountain Water No.13, a natural mineral water from Slovakia's Turiec Valley, is distinguished by its alkaline nature and unique mineral blend, including calcium, magnesium, and bicarbonates. Sourced from deep Neogene sandstone layers, it supports digestive health by alleviating acid reflux and promoting intestinal motility, aiding conditions like dyspepsia and irritable bowel syndrome. Its magnesium content enhances nervous system function, reducing anxiety and improving sleep quality, while calcium strengthens bones, helping prevent osteoporosis. The water's diuretic properties support kidney health, reducing urinary tract infection risks. In balneotherapy, it revitalizes skin, easing atopic dermatitis. Its low sodium content makes it heart-friendly, potentially lowering blood pressure.

Mineral Mountain Water No.14

Mineral Mountain Water No.14, a natural mineral water from the Brusno spa in Slovakia's Banska Bystrica region, is revered for its therapeutic properties, derived from its unique mineral composition, including calcium, magnesium, and bicarbonates. Sourced from springs in the forested valley of the Brusnianska brook, it supports digestive health by easing chronic dyspepsia and liver disorders, promoting bile flow, and soothing gastrointestinal inflammation. Its magnesium content aids cardiovascular health, potentially reducing hypertension and supporting heart rhythm stability. Mineral Water No.14's diuretic effect benefits kidney and urinary tract health, helping prevent stone formation. In balneotherapy, it rejuvenates skin, alleviating conditions like psoriasis. Its low sodium and high mineral bioavailability make it ideal for daily hydration, particularly for those with metabolic disorders like diabetes. The water's advantage lies in its crisp, naturally carbonated taste.

Mineral Mountain Water No.15

Mineral Mountain Water No.15, a premium bottled mineral water from Slovakia's Turiec Valley, is extracted from deep geological layers, boasting a high mineral content (2011 mg/L) with calcium, magnesium, and bicarbonates. Its alkaline pH supports metabolic balance, aiding in the management of type 2 diabetes by improving insulin sensitivity. The water enhances liver function, mitigating fatty liver disease through its detoxifying properties. Its magnesium promotes vascular health, potentially reducing risks of arrhythmias and hypertension. Water No.15's diuretic effect flushes toxins, supporting kidney health and preventing urolithiasis. In spa therapy, it nourishes skin, easing symptoms of chronic dermatitis. Its high mineralization strengthens immunity, helping combat recurrent infections. Water No.15's advantage lies in its potent mineral synergy, sustainable availability, and smooth taste, making it a vital ally for comprehensive health.

Mineral Mountain Water No.16

Mineral Mountain Water No.16, a bottled mineral water from the Slovak Karst caves, is prized for its high magnesium (101 mg/L) and calcium (360 mg/L) content in an optimal 1:3 ratio, ensuring superior absorption. Sourced since 1769, its purity comes from karst bedrock filtration at 100 meters deep. Mineral Water No.16 supports muscle function, reducing cramps and fatigue, and is ideal for active individuals. Its magnesium aids neurological health, alleviating stress and enhancing mood stability. The water promotes cardiovascular health, potentially lowering cholesterol and stabilizing blood pressure. It also supports bone density, helping prevent osteoporosis. Mineral Water No.16' diuretic effect aids kidney function, reducing stone formation risks. In balneotherapy, it soothes skin irritations like acne. A scientific study confirms its ability to boost intracellular magnesium levels, enhancing cellular health. Its advantage lies in its natural mineral synergy, award-winning quality (Superior Taste Award), and refreshing taste, making it a top choice for holistic wellness.

Mineral Mountain Water No.17

Mineral Mountain Water No.17, a renowned bottled mineral water from Slovakia's Jasenovo spring, is celebrated for its exceptional purity and balanced mineral content, including calcium, magnesium, and bicarbonates. Sourced from karst bedrock at a depth of 100 meters, it supports digestive health by reducing stomach acidity, aiding in the relief of acid reflux and irritable bowel syndrome. Its magnesium content enhances cardiovascular function, helping regulate blood pressure and reducing arrhythmia risks. Mineral Water No.17' calcium strengthens bones, supporting osteoporosis prevention. The water's gentle carbonation promotes intestinal motility, easing constipation. In balneotherapy, it hydrates skin, benefiting conditions like acne. Its low sodium and baby-water quality make it ideal for all ages, including infants. Mineral Water No.17' advantage lies in its award-winning purity, natural mineral synergy, and refreshing taste, ensuring effective hydration and health support.

Mineral Mountain Water No.18

Mineral Mountain Water No.18, a bottled mineral water from the mineral springs near Old Lubovna in Slovakia, is valued for its crystal-clear purity and rich mineral content, including calcium, magnesium, and bicarbonates. Sourced from the Lubovnia Valley's Andrej spring, it excels in supporting digestive health, alleviating symptoms of chronic gastritis, acid reflux, and stomach ulcers by balancing gastric pH. Its magnesium content enhances mental well-being, reducing anxiety and improving sleep quality, while calcium supports bone health, aiding in osteoporosis prevention. Mineral Water No.18' mild diuretic effect promotes kidney function, helping prevent urinary stones. In spa therapy, it hydrates skin, easing mild dermatitis. Its low sodium and pleasant, non-bitter taste make it suitable for all ages. The water's advantage lies in its natural carbonation, high purity, and recognition as a curative spring by Slovakia's Ministry of Health.

Healing Mineral Water No. 101

Healing Mineral Water No. 101, a premium bottled mineral water from Slovakia's Bardejov region, is sourced from ancient springs renowned for their therapeutic qualities. With a high content of bicarbonates, iron, and trace minerals, it excels in supporting digestive health, effectively relieving acid reflux, gastritis, and peptic ulcers by neutralizing gastric acid. Its iron content boosts hematopoiesis, aiding in anemia treatment, particularly for pregnant women. Healing Water No. 101 mineral profile supports respiratory health when used in inhalation therapy, loosening mucus and easing chronic bronchitis or asthma symptoms. The water's diuretic properties promote kidney health, reducing urinary stone risks. In balneotherapy, it rejuvenates skin, helping manage psoriasis. Its advantage lies in its high mineralization (over 3,000 mg/L), certified curative status, and crisp taste, offering a natural, chemical-free remedy. Healing Water No. 101 eco-friendly sourcing and historical significance in Slovakia's culture make it a trusted choice for holistic health.

Healing Mineral Water No. 102

Healing Mineral Water No. 102, a distinguished bottled mineral water from Slovakia's Turiec Valley, is sourced from deep Neogene sandstone layers, offering a unique Na-HCO_3 composition with high CO_2 , magnesium, and trace ammonia. Its alkaline nature neutralizes excess stomach acid, effectively treating acid reflux, gastritis, and peptic ulcers while supporting digestion. Healing Water No. 102's magnesium content enhances heart health, reducing blood pressure and arrhythmia risks, and supports muscle relaxation, aiding conditions like fibromyalgia. Its diuretic properties promote kidney detoxification, preventing urinary stones. Healing Water No. 102 Extra, with triple the mineral content, is particularly beneficial for metabolic disorders like diabetes and gout, replenishing essential minerals. In balneotherapy, it soothes skin irritations. Its advantage lies in its rare alkaline profile, high purity, and limited-yield source, ensuring exclusivity. Healing Water No. 102's crisp, carbonated taste and eco-friendly bottling make it a premier choice for daily health.

Healing Mineral Water No. 103

Healing Mineral Water No. 103 a historic bottled mineral water from Slovakia's Low Tatras, is famed for its high calcium (630 mg/L), magnesium (180 mg/L), and iron (18 mg/L) content, sourced from pristine springs since the 16th century. Its unique mineral blend supports blood health, aiding anemia treatment by enhancing oxygen transport, especially for women and vegetarians. Healing Water No. 103 promotes digestive wellness, relieving gastritis, ulcers, and liver dysfunction by reducing gastric acidity and supporting bile flow. Its magnesium content stabilizes heart rhythms, potentially lowering hypertension risks. The water's diuretic properties cleanse the kidneys, preventing stones. In balneotherapy, it soothes skin irritations. Healing Water No. 103' low sodium and ideal calcium-magnesium ratio ensure optimal absorption, benefiting all ages. Its advantage lies in its award-winning heritage (Vienna 1873, St. Louis 1904), natural purity, and the addition of vitamin D3 in Korytnica Osteo for bone health, making it a versatile, globally trusted health elixir.

Healing Mineral Water No. 104

Healing Mineral Water No. 104, a revered bottled mineral water from Slovakia's Liptov region, is drawn from ancient limestone aquifers, offering a distinct mineral blend of calcium, magnesium, and bicarbonates. Its alkaline properties optimize digestion, soothing chronic acid reflux and bloating while enhancing nutrient absorption, ideal for gastritis and digestive disorders. Rich in magnesium, Healing Water No. 104 supports cognitive health, reducing stress and improving focus, beneficial for anxiety-related conditions. Its calcium fortifies bones, aiding in fracture prevention and osteoporosis management. The water's natural diuretic effect detoxifies the kidneys, lowering urinary infection risks. In balneotherapy, it revitalizes skin, easing mild eczema. Healing Water No. 104's low sodium content suits hypertension-conscious diets, promoting heart health. Its advantage lies in its sustainable source, protected by strict Slovak regulations, and its velvety, naturally carbonated texture, enhancing hydration. Healing Water No. 104's heritage as a spa water elevates its status as a natural wellness tonic.

Healing Mineral Water No. 105

Healing Mineral Water No. 105, a bottled mineral water from Slovakia's Kysuce region, is sourced from pristine springs in the Hadca area, offering a refreshing blend of calcium, magnesium, and bicarbonates. Its mineralization ensures gentle hydration while delivering essential nutrients. Healing Water No. 105 supports respiratory health, aiding in the relief of chronic sinusitis and bronchitis through inhalation therapy, as its minerals help clear airways. Its bicarbonate content promotes digestive balance, easing symptoms of heartburn and mild dyspepsia. The water's magnesium supports muscle recovery, beneficial for post-exercise fatigue, and contributes to mental clarity, reducing stress-related tension. Healing Water No. 105' diuretic properties enhance kidney function, helping prevent urinary infections. Its advantage lies in its crisp, naturally carbonated taste and eco-friendly bottling, preserving the water's purity. As a versatile daily drink, Healing Water No. 105' subtle mineral profile and regional authenticity make it a standout in Slovakia's mineral water legacy.

Healing Mineral Water No. 106

Healing Mineral Water No. 106, a premium bottled mineral water from Slovakia's Nova Lubovnya region, is sourced from 500 meter deep springs, boasting a mineral content of 6800 mg/L, including silicon, calcium, magnesium. Its unique composition supports thyroid function through iodine, aiding in preventing memory loss and fatigue associated with thyroid disorders. Healing Water No. 106's bicarbonates enhance digestion, relieving chronic heartburn, gastritis, and hepatitis by balancing stomach acidity. Lithium promotes vascular health, reducing risks of gout and allergies. The water's silicon content strengthens hair, nails, and connective tissues, while its diuretic effect supports kidney health, preventing urinary stones. In balneotherapy, it rejuvenates skin, easing acne. Healing Water No. 106's advantage lies in its high mineral bioavailability, natural carbonation, and versatility as a table-medicinal water, suitable for all ages. Its crisp taste and eco-friendly sourcing make it a globally recognized health tonic.

Healing Mineral Water No. 107

Healing Mineral Water No. 107, a highly mineralized water from the Luhachovice springs, is a unique blend of Tertiary-era residual seawater and underground water, rich in iodine, bicarbonates, and trace elements like lithium and boron. Its osmotic pressure, close to human blood, ensures excellent bodily absorption. Healing Water No. 107 excels in respiratory care, clearing mucus in asthma, bronchitis, and sinusitis through inhalation therapy. It supports digestive health, soothing gastritis, ulcers, and post-surgical recovery by regulating acidity. Iodine aids thyroid function, while magnesium reduces stress and supports heart health, potentially lowering hypertension. Its diuretic effect cleanses kidneys, preventing stones. Healing Water No. 107's advantage lies in its ancient, pollutant-free source, high iodine content (6 mg/L), and versatility used in sprays, pastilles, and drinking cures. Its global acclaim, from China to the USA, and endorsements by athletes highlight its natural, chemical-free efficacy for all ages.

Healing Mineral Water No. 108

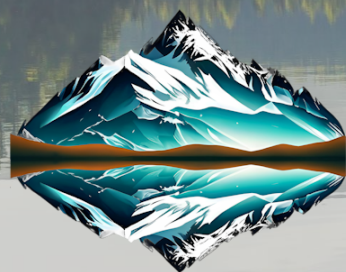

Healing Mineral Water No. 108, a prized bottled mineral water from Slovakia's Cigel spa region, is sourced from deep volcanic springs, delivering a potent mix of calcium, magnesium, and bicarbonates. Its high mineralization supports joint health, easing symptoms of arthritis and rheumatism by reducing inflammation and enhancing cartilage repair. The water's alkaline nature aids digestion, alleviating chronic dyspepsia and bloating while supporting liver function. Its magnesium content promotes relaxation, helping manage stress-related disorders and improving sleep quality. Healing Water No. 108' diuretic properties detoxify the kidneys, reducing the risk of urinary stones. In balneotherapy, it rejuvenates skin, soothing conditions like psoriasis. Its advantage lies in its naturally high mineral concentration, free from pollutants, and its crisp, effervescent taste, making it a premium choice for daily hydration.

Healing Water No. 108' legacy as a spa water, backed by Slovakia's rigorous quality standards, ensures its efficacy as a natural health tonic.
